

Zone 9 Coaching Committee Monthly Report

July 2019

In the last report we announced there would be at least two Selectors' Modules and I made some tentative dates with David Cameron but he had a commitment to try out for the State RSL team and has had to change them. We will announce the new dates and venues as soon as they are set. One will be held on a Sunday afternoon to allow working Selectors to attend and the other will probably be on a Monday afternoon, both hopefully to be held at Harbord BC.

There is a new manager at BNSW and he has set a Coaching program for 2019/20 with suggested months to hold various courses. Understandably, the emphasis of this program is designed around the official BA courses:

- Introductory Coach Course
- Club Coach Course; and
- Competition and Selection Modules

David Cameron is not only our contact for BNSW Coaching, he is also the accredited presenter of the above courses. For those that haven't met him, David is very knowledgeable, approachable and experienced, having represented Japan more than 140 times. He had not been notified of the BNSW schedule.

This program will not interfere with the Zone 9 Coaching Courses. Our course is not recognised by BNSW but is preferred by those who have completed both courses as it is seen to be more specific to Lawn Bowls technique. The Zone 9 Coaching Committee recommends that every coach complete both courses.

Presented by Peter D Ward
Chairman, Zone 9 Coaching Committee
